ANNOUNCEMENT

November 8, 2001

Pioneer Industries, LLC, – Pioneer – Bartlesville, Oklahoma, USA is pleased to announce the integration of their major product lines with Service and Manufacturing Corporation – SMC. SMC is also located in Bartlesville and has worked with Pioneer on various projects from the time Pioneer began operation. SMC is a business engaged in manufacturing custom products for various industries predominantly in the energy field, including oil and gas.

This business decision was formulated to ensure continuation of Pioneer's products with the same or better quality, service and cost. Pioneer's founder and owner, Steve Bodenhamer, will work with SMC for several months prior to his separation from the business. He will be living within driving distance from SMC and will continue to be available to SMC, as needed, even after his initial separation. Several of Pioneer's employees also have joined SMC bringing their Pioneer experience and institutional memory.

SMC is an organization founded in Bartlesville a few years before Pioneer was established. SMC has a well laid out manufacturing facility including a machine shop, fabrication shop with high overhead crane, storage yard, etc. They are recognized as a highly reliable organization providing excellent value to customers.

SMC is a wholly owned subsidiary of Service and Technology Corporation – STC – located less than a mile away. STC is a consulting engineering firm with well experienced engineers, designers and other staff in all basic fields of engineering, such as civil, structural, mechanical, electrical, controls and chemical. STC's staff has excellent experience in skid-mounted equipment, package plants, pilot plants, etc. in oil, gas, coal, HVAC and many related industries worldwide. This allows SMC to avail needed services in various engineering disciplines strictly on an "as needed" basis without the full-time overhead cost.

The Pioneer – SMC team pledges our total commitment to serve our customers well and request your continued business. We welcome new customers, too!

We invite all of you to visit us in Bartlesville. We are always available, 24 hours a day and 7 days a week, if you just call ahead.

The combined Pioneer–SMC brochure is under preparation and will be available shortly.

Sincerely,

The Pioneer–SMC Team
